AT SKINETICS

We believe that beautiful, healthy skin is possible no matter what age. Our main focus is to provide safe, effective skin care treatments, while promoting life-long healthy skin. Each individualized consultation includes a comprehensive skin analysis utilizing the Visia Skin Analysis Imaging System, identifying your skin's unique challenges, while addressing your specific needs and concerns. Our qualified Aestheticians will design a skin treatment program customized to your needs.

ONCOLOGY AESTHETICS

Skinetics is proud to provide comfort and relief with Oncology Aesthetic Therapy treatments for those undergoing treatment for cancer. During diagnosis, treatment and recovery – patients should have access to Aesthetic Therapy treatments to provide aid in pain relief and relaxation. Our specialized treatments are individualized based on the unique needs of your skin, while prescribing cosmeceutical grade products for home use to aid in restoring the skin's health.

CANCELLATIONS

It is our main goal to provide the best care possible in the most time effective environment. With this same dedication devoted to all of our patients, it is imperative that you inform us twenty-four hours (24) in advance of any changes to your scheduled appointment. All services cancelled or rescheduled with less than twenty-four hours (24) notice will result in a 50% charge of scheduled services. We value your time and honor our own policy, so please remember that your appointment is reserved exclusively for you.

GIFT CERTIFICATES

The perfect gift for any occasion. Available for all services and denominations. Please ask for details.

LASER TREATMENTS

Fractional CO2
The ultimate in skin tightening, wrinkle correction and overall rejuvenation. Not suitable for all skin types.

Fractional Erbium Non-ablative resurfacing for mild to moderate wrinkles, pore correction and skin texture. Minimal downtime with outstanding results.

Skin Rejuvenation Non-invasive, non-thermal light IPL treatments to reverse signs of photo aging such as increasing skin texture, wrinkles, brown spots and veins. This state-of-the-art technology utilizes the skin to tighter, brighter, smoother, more youthful complexion.

Skin Tightening Ideal for targeting those fine lines of aging including jaw and neck lines, saggy skin under the jaw, droopy lower face and nasal folds.

ThermaSmooth® Treatments are non-invasive skin tightening treatments that deliver precise, gentle, thermal energy to heat the skin. ThermaSmooth® is performed using a specially designed thermal-regulated needle, which is supplied with the ThermaSmooth® system. Treatments are performed several times to achieve the desired cosmetic result. $650 / treatment

ThermaTight® is the name of a non-invasive treatment protocol developed to "thermally controlled subcutaneous skin tightening." The ThermaTight™ system is used along with a tiny SmartTip™ Thermistor probe, which is inserted under the skin to heat subcutaneous tissue to a user-selected specific temperature. Most effective RF treatments are one-time procedures that can be completed in less than an hour.

DERMASEW®
Exfoliation, circulation, rejuvenation! The Dermalasew® is an innovative particle-free skin resurfacing system that maintains safety and ensuring for a more effective exfoliation, as well as circulation. After the dead skin is removed from the exfoliation process, the skin is then treated with a specific solution that delivers the enzymes C or Salicylate for total skin rejuvenation. Each treatment is customized depending on skin type and desired level of exfoliation. The Dermalasew® treats early signs of aging, fine lines, hyperpigmentation, photo-damage, acne, acne scars, surgical scars and dilated skin pores. $175

LIGHT COMPLEXION PEEL
Addresses environmentally damaged skin types utilizing hydroquinone, salicylic, lactic and salicylic acids. This unique treatment is contraindicated to everyone age of all skin types. $128 & up

MICROPEEL®
The MicroPeel® is a safe and effective procedure that can be customized to meet the needs of all skin types. This unique 3-step process removes the dead cellular layer of the dermis, promoting skin rejuvenation or an immediate exfoliation. First, a PHA solution is applied to the skin to help free the process of exfoliation. Finally, a Cryogenic Therapy is performed to help retain hydration and cool the area. $125

CRYOCRYOTHERAPY (CO2)
As used in the MicroPeel® procedure, Cryogenic Therapy is known for its exfoliating and anti-inflammatory cooling beneficial. Can be added on to any treatment. $35

DERMAPLANING
As used in the MicroPeel® procedure, Dermaplaning can be added on to any existing treatment for a deeper level of exfoliation. Can be added on to any treatment. $99

MICROPEEL PLUS®
The MicroPeel Plus® is an in-office procedure that will help smooth fine lines and even skin discoloration while reducing the appearance of acne scars and environmental damage to the skin. Available in two concentrations of hydroquinone, the MicroPeel Plus® can be tailored to fit different skin types and needs. $125

Body peels are available and are individually priced. All prices are subject to change without notice.

OXYGENATING PEEL
Using 95% pure medical grade oxygen with hypoactive pressure that stimulates healthy cell renewal. This treatment targets every skin condition from acne, rosacea and skin damage with anti-aging benefits. The perfect partner for any other therapies which enhances the benefits of other procedures such as chemical peels. $125

PUMPKIN RESURFACING PEEL
Adresses all skin types meeting current need. Beginning peel containing vitamins C and antioxidants to fight free radical damage. $125 & up

SKIN CORRECTIVE PEEL
Customized treatment utilizing various acids and enzymes to address specific skin conditions.

SKIN RESURFACING PEEL
Mid-depth chemical peel utilizing medical grade TCA (TCA) which addresses minor skin conditions, such as fine lines, deep wrinkles, enlarged pores and hyperpigmentation. After one week, a follow up treatment of the Originating Peel and Dermaplaning is performed to enhance and rejuvenate the skin. $425

THE PERFECT DERMA PEEL
The Perfect Derma Peel is the only peel that permanently establishes the skin's cellular component and is the only non-anti-aging ingredient to effectively maintain the skin's acid mantle. The Perfection Peel works from inside to repair and maintain the skin by giving it a radiant glow, refining pores, improving hyperpigmentation, lifting fine lines, removing discoloration and preventing acne. Most importantly, the Glioblastoma element defines the aging process.

VITAMIN A BOOSTER
Two sessions in addition to any peel to increase collagen and elastin beneath. Vitamin A speeds up the metabolism of the skin, leaving a radiant glow.
